Details

Join us for a monthly “Promises” meeting & workshop. The first hour is a face-to-face CEA-HOW meeting and the second hour is dedicated to overcoming hurdles that keep us from working on projects. Anything you want to discuss: from starting our inventory, developing daily meditation practices, creating art, or anything else you feel stuck with. This is an opportunity to discuss what you want to do, provide support and encouragement, and even accountability if desired. We “will be amazed before we are half-say through!”
